## FROM BONFIRE TO BONFIRE: A PATH THROUGH LOTHRIC AND BEYOND

This chapter is designed to guide you through the game. The path is both dangerous and complex, so you'll find very careful instructions to keep things clear. The walkthrough itself is intended to give you a solid path. (NPC questlines are not discussed heavily here because they are covered in a separate chapter.) Instead, this section gives you the information you need to explore and beat each region.

The provided maps will expand on this, giving you access to all the nooks and crannies (and treasure) that the game provides. Your best bet is to complete the areas using the walkthrough, and then to look for any treasure that you missed, using the maps to pinpoint anything that you still need.

This may sound complicated at first, but this guide will keep it as simple as possible!
